

PSDC24-1.3 Power Supply

Power Supply for use with Ring-Master Intercom Systems.

UL Listed and CE Marking Compliance.

This power Supply is used for local Power of 900 type stations or to Power up to 5 Pro700 stations.

Input Voltage:	110 VAC (90 - 264 VAC)
Input Current:	0.6 Amp
Input Frequency:	47 - 63 Hz
Output Voltage:	24 VDC
Output Current:	1.3 Amp
Line Regulation:	1 %
Load Regulation:	5 %
Noise & Ripple:	1 % Peak to Peak
Efficiency:	85 %
Switching Frequency:	70 KHz
Safety Standards:	UL1950/EN60950 Class I & II
EMI:	Meet EN55022/FCC Class B
Operating Temperature:	0 to +40C
